PROFESSIONAL EXPERIENCE

Full Stack Developer — Orbique Technologies Pvt. Ltd.

Sep 2025 – Present

- Built and maintain an enterprise HRMS/Attendance Management SaaS platform used by 300+ employees, covering live punch-in/punch-out tracking, leave management, Comp-Off, and Offer Letter/Pay Slip modules.
- Designed secure REST APIs with JWT authentication and role-based access control (RBAC); optimized SQL Server queries, reducing data retrieval time and improving report/dashboard load speed.
- Leading development of WPMS (Work Progress Monitoring System) on Angular, ASP.NET Core, SQL Server, and Azure/AWS Cloud for tracking employee work progress and project execution; extended HRMS and WPMS to mobile/PWA using Ionic and Capacitor.
- Resolved 7+ production issues related to attendance processing, authentication, and API failures.

Full Stack Developer — Innopact Technologies Pvt. Ltd.

Sep 2024 – Aug 2025

- Contributed to AstroPill, a cloud-based astrology platform with 500K+ app downloads, deployed across AWS and Azure; built scalable frontend/backend modules and a cross-platform mobile/PWA experience using Ionic and Capacitor across User, Astrologer, and Admin panels.
- Implemented secure JWT-based authentication and authorization; integrated REST APIs and optimized SQL queries to improve performance under high user traffic.
- Resolved 100+ production issues related to APIs, authentication, UI workflows, and database operations.

Full Stack Developer Intern — Innopact Technologies Pvt. Ltd.

Apr 2024 – Aug 2024

- Built responsive UI components and business workflows for AstroPill using Angular and ASP.NET Core; supported database operations, query optimization, debugging, and testing across development and production environments.
